I think it's cool that if someone wants to get an abort on, it doesn't affect me or my life at all. And I don't put any weird burden on them about a personal decision. I think it's really weird to force someone to have a baby they don't want.

Not every American feels that way. Some feel like they've been deliberately excluded from the full benefits of American citizensh p by racia d scrimination. As we finally become a more inc usive nat on, such people as full-fledged Americans, have a right to express their views

Statement from @dougmastriano

Senator Doug Mastriano
33rd Senatorial District

OP ED: Why I am initiating a forensic investigation of the 2020 General Election and 2021 Primary

A forensic investigation of our election results and processes for the 2020 General Election and the 2021 Primary will go a long way to restore trust in our system. Voting is the fundamental right of all citizens. We should continually look for ways to improve the voting process to ensure every voice is heard.

Today, as Chair of the Intergovernmental Operations Committee, I issued letters to several counties requesting information and materials needed to conduct a forensic investigation of the 2020 General Election and the 2021 Primary.

We have asked these counties to respond by July 31st with a plan to comply. The counties represent different geographical regions of Pennsylvania and differing political subtexts. Some are Republican while others are Democrat, which means that this will be a balanced investigation.

The Intergovernmental Operations Committee is a standing committee of the Pennsylvania State Senate with oversight and investigatory responsibilities regarding activities relating to or conducted between two or more governments or levels of government, including the administration of elections across the Commonwealth. As set forth in Pennsylvania Senate Rule 4(d), each standing committee is empowered with the authority to inspect and investigate the books, records, papers, documents, data, operation and physical plant of any public agency in this Commonwealth, including county boards of elections.

This is necessary as millions of Pennsylvanians have serious doubts about the accuracy of the 2020 General Election. A January poll from Muhlenberg University shows that 40% of Pennsylvania voters are not confident that the results of the 2020 election accurately reflected how Pennsylvanians voted. Discounting or mocking their concerns is neither an answer nor proper in this constitutional republic.

During debate on election reforms a couple weeks ago, some of my colleagues categorically dismissed these poll numbers as an inconvenient truth and went on to assert that the only reason there is distrust in our election process was because of the conspiracy theories and lies from those they disagree with politically. This sort of ad hominem attack does nothing to address the concerns of millions of voters.

The case for a forensic investigation of the 2020 general election is evident to any unbiased observer.

This was the first election in Pennsylvania with mass mail-in voting. In 2020, there were 2.7 million

The teaching of Christ's return should motivate us. And it should comfort us. Hebrews 9:28 "To those who eagerly wait for Him He will appear a second time, apart from sin, for salvation" (NKJV). And 1 John 3:3 tells us, "Everyone who has this hope in Him purifies himself" (NKJV).

Mastriano reacts to attempts by the Wolf Administration and the Attorney General to obstruct a forensic investigation

July 2, 202

HARRISBURG

Senate Doug Mastriano issued the following statement today in response to attempts by the Wolf Administration and the Attorney General to obstruct a forensic investigation of the 2020 General Election and 3rd Primary

Yet Friday, the Acting Secretary of State issued a revised directive disguised as a directive to all 67 counties in Pennsylvania. This threat implied that any county who participates in a forensic investigation and audit of election equipment voting systems in their party entities not directly involved in the conduct of elections will have their machines unlawfully decertified and seized before the next election.

Even worse, the directive stated that counties would be forced to pay for new voting system equipment and prevented from seeking reimbursement from the State Department.

The General Assembly is in fact directly involved in the conduct and conduct of elections across the Commonwealth as it is responsible for reviewing and amending election laws.

Perhaps the AG's time could be better spent on important law enforcement issues rather than nightly CNN/MSNBC appearances, childish name calling, and tweets of irrelevant broad yet empty platitudes. Here are some issues that could use the attention of the Attorney General:

- Investigating sworn affidavits from the 2020 November election
- Prosecuting the personal data of PA citizens by investigating the Wolf Administration's contact tracing data breach which exposed the personal health data of over 2,000 Pennsylvanians
- Coming up with actual solutions to stem the rising tide of violent crime in PA cities and standing up to progressive district attorneys
- Investigating the deaths of 8,000 of our dearly loved elderly resulting from the Wolf Administration's directive to send COVID-positive patients back into long term care facilities.

In my letter to request information from several counties on July 2nd clearly stated that the Intergovernmental Operations Committee would be open to any requests from county officials to maintain the security of the public voting equipment and the integrity of the voting information.

What we are seeing is a convergence of senate action from Wolf Administration and the Attorney General to intimidate county

RE: Pennsylvania Visit

Dear President Biden:

I understand that you are traveling to Philadelphia, Pennsylvania on July 13th to deliver remarks on actions to protect the sacred, constitutional right to vote.

Millions of Pennsylvanians have serious doubts about the accuracy of the 2020 General Election. A January poll from Muhlenberg University showed that 40% of Pennsylvania voters are not confident that the results of the 2020 Election accurately reflected how Pennsylvanians voted.

A full forensic investigation is necessary for the sake of transparency and accountability. Those who have concerns about the integrity of the election will have those concerns investigated and hopefully addressed. Those who think that there was rampant fraud or irregularities, and that the elections were conducted perfectly well, have the chance to be vindicated.

The people of our Commonwealth should have confidence that their vote counts. It takes accountability and transparency to ensure that our elections are free and fair.

With this in mind, I would like to formally request a meeting with you during your visit to Pennsylvania on this matter. We need to come together as a transparent forensic investigation of the 2020 election in Pennsylvania will go a long way to restore trust in our system.

Sincerely,

Perhaps @JoeBidenPfizer could possibly find a way to retrofit the existing system with a more secure solution. It could be less costly, maybe not. but just to save all of that waste from the landfill, I think it's worth looking into.

1 · 5

Andrew Landen @AndrewLanden99 · 15h

The entire system would need to be reengineered from the ground up and verified. Democrats would be so happy to see mail in ballots remain unsecured

1 · 2

Honey Moonshine @moonshine_honey · 15h

I think you're right, but we could ask. The answer is always no if you don't ask. The mail in ballots have to end. Absentee ballots should stay for qualified voters. I'd rather they spend the mail in ballot $ for free voter ID for those citizens that don't have a government ID

4

Doug Schlemm @LeapingShiba · 11m

Definitely no excuse absentee ballots. certain conditions will still require ballots in absentia, though tighter scrutiny is certainly needed. And all states have DMV photo ID centers in place which can easily serve double duty with relatively little additional funds.

I agree 100%. In Michigan, a state ID costs $10. But I know there are states that will issue an ID or Driver's license to non citizens. Non citizens should not be allowed to vote. These voter rolls need to be cleaned up!

FULL STATEMENT:

SAVE AMERICA
PRESIDENT DONALD J. TRUMP

Statement by Donald J. Trump, 45th President of the United States of America

Republicans in the U.S. Senate must not in any way, shape, or form increase taxes that were won in the TRUMP TAX CUT, the largest in the history of our Country. It's what made our economy grow and great. Democrats want major tax increases to pay for their fake infrastructure bill, where over 90% of the money goes to the ridiculous Green New Deal nonsense, which will destroy our economy. The tax cuts were a great achievement of the Trump Administration and the Republican Party. More importantly, they were a great victory for our Nation. Do not increase them one penny. Republicans must learn to fight these vicious, Radical Left Democrats who are destroying lives and destroying our Country!

Who knows, maybe they'll say the election was on the up and up, but many people would be shocked. "A full forensic audit is necessary for the sake of transparency & accountability"

Senate of Pennsylvania

DOUG MASTRIANO
SENATOR

July [illegible] 2021

The Honorable President Joseph Biden
The White House
1600 Pennsylvania Avenue
Washington DC 20500

RE: Pennsylvania visit

Dear President Biden,

I understand that you are traveling to Philadelphia, Pennsylvania on July [illegible] to deliver remarks on actions to protect the sacred, constitutional right to vote.

As I am sure you know, Pennsylvanians have serious doubts about the accuracy of the 2020 General Election. A January poll from Muhlenberg University showed that 40% of Pennsylvania voters are not confident that the results of the 2020 Election accurately reflected how Pennsylvanians voted.

A full forensic investigation is necessary for the sake of transparency and accountability. Those who have concerns about the integrity of the elections will have those concerns investigated and hopefully addressed. Those who think that there was [illegible] irregularities, and that the elections were conducted perfectly will have the chance to be vindicated.

The people of our Commonwealth should have confidence that their votes count. It takes accountability and transparency to ensure that our elections are free and fair.

With this in mind, I would like to formally request a meeting with you during your visit to Pennsylvania. In this matter, we need to come together as a transparent, intensive investigation of the 2020 election in Pennsylvania will go a long way to restore trust in our system.

Sincerely,

Let the truth come out, @JoeBiden.

What are you afraid of, Mr. "I got more votes than Obama"?

Statement by Donald J. Trump, 45th President of the United States of America

Joe Biden is going to Pennsylvania today in a rush in order to stop the Forensic Audit that the Pennsylvania Republican Senate is in the process of doing. Philadelphia was a cesspool of corruption, which will soon be revealed by the audit. Why are they so concerned that a President, who never goes anywhere, would hop onto beautiful Air Force One and head to Philadelphia if it were an honest election? Why not let the audit go forward and make everybody, on both sides, happy? The results will be the results. But they know it was not an honest election. Philadelphia was one of the most corrupt cities in the Country ... and so is Detroit, and so is Milwaukee, and so is Atlanta, and Pittsburgh, and Oakland, and Baltimore. Corruption has gone on for years, but in the 2020 Presidential Election Scam, with the mail-in ballots and the use of Covid to cheat, corruption reached new levels. Remember the poll watchers being thrown out, the windows being sealed so nobody could look in, the ballot drops, and all of the other events that took place that changed so rapidly the Big Trump Win on election night.

Joe should say go forward with this, with all of these audits. His visit is a joke. He doesn't need to visit, all he needs to do is let them do an audit and find out what happened. Who knows, maybe they'll say the election was on the up and up, but many people would be shocked. Let the audit go forward like it is in Arizona, despite 107 Democrat lawyers trying to stop it and failing.

Let the Forensic Audit go, Joe. Don't fight it. Show them how honest it was.

SAVE AMERICA
PRESIDENT DONALD J. TRUMP

Statement by Donald J. Trump, 45th President of the United States of America

AP and other media outlets are doing major disinformation to try and discredit the massive number of voter irregularities and fraud found in both Arizona and Georgia. When the real numbers are released people will be shocked, but this is a concerted effort of the Fake News Media to discredit and demean. There has never been anything like it. Numbers will be released shortly, and they are extraordinarily big and highly determinative!

10,457 votes—that's how many Biden allegedly "won" Arizona by in 2020.

But now according to the @ArizonaAudit, there are tens of thousands of discrepancies.

So who really won in November?

When the pandemic started, we nurses were all heroes. Now that we are refusing the vax and losing our jobs, we are being attacked for it. When does the hypocrisy end? What happened to “my body, my choice?”

On the heels of a veiled threat disguised as a directive to all counties in Pennsylvania two weeks ago, the Acting Secretary of State is once again abusing the power of her department to punish and intimidate local governments and their taxpayers.

senatormastriano.com/2021/07/22/sen ...

counties in Pennsylvania two weeks ago, the *Acting* Secretary of State is once again abusing the power of her department to punish and intimidate local governments and their taxpayers.

Without any proof of compromised parts or an examination of voting machines, the *Acting* Secretary is taking it upon herself to unilaterally decertify all machines in Fulton County and force the taxpayers of that county to pay for it.

This is not about "ensuring the machines continue to meet standards," as the Acting Secretary stated. This is about sending a message to counties who dare to be transparent about their election process. That message is very clear: Any county who has the audacity to partner with the General Assembly to demonstrate that their elections were secure and accurate will be punished.

It is not a coincidence that this has all occurred within weeks of my letters to three counties requesting materials needed to conduct a forensic investigation of the 2020 and 2021 elections. Press Release from the Arizona Auditors

of the Maricopa County Forensic Election Audit, Cyber Ninjas CEO Doug Logan released the following statement on behalf of the audit team

"We'd like to take a moment to thank our many workers, volunteers, and sponsors that helped make this audit a success. This monumental effort would not have been possible without all of your help and support. More than 1,500 people have been involved in the most comprehensive audit in American history, investing more than 100,000 hours. Our sponsors have raised and provided over $5 million, and tens of thousands of you have prayed for the work of our hands to determine truth, whatever it may be. For all of this, we are eternally grateful. We truly couldn't have done this without you.

"As we continue our commitment to transparency, we want to take this opportunity to publicly thank and disclose those organizations that have supported us during this audit. The America Project has provided over 56% of the total proceeds received to date, and America's Future has brought in 17%. In addition to their financial support, the America Project, Voices and Votes, and the DePerno Team (behind Election Integrity Funds for the American Republic, EIFFTAR) have also provided operational support and advice pivotal in executing the audit. We'd also like to specifically thank Apologia Church in Phoenix, who provided snacks for all of our participants throughout the duration of the audit and tirelessly worked behind the scenes to make this all a success. We couldn't have done this without everyone's help

The total number of people shot this year in Seattle has increased 61% compared to the same period in previous yrs. All while the @SeattlePD has lost 250 officers over the past 17 months & is on the path to losing more. This is a recipe for disaster

A joke to convene mayors to the White House to discuss strategies on how to fight crime. Listen to Police chiefs not politicians who defund police. Next support POs for enforcing the law without fear of being fired or indicted. Handcuff the perp, unhandcuff POs

Good Morning !

Our electronic voting systems companies chose again this week to avoid bi-partisan questions from critics to demonstrate the integrity of their systems. Why?

"Democracy is our pressure relief valve As long as people sincerely believe they can change things by voting they stay calm. If people believe their democracy is fraudulent, if they conclude voting is a charade, the system is rigged, and run in secret by a small group of dishonest people acting in their own interests, then God knows what could happen. Actually we do know what can happen, it's happening right now. It's happened in countless other countries over countless centuries. And the cycle is always the same because human nature never changes."

Until this moment, the corporate media could lie about how terrible the Biden administration has been. Inflation, rising crime, border chaos, China emboldened, middle class in revolt over public schools - they rationalized all of it.

They can't rationalize this. It's a gutpunch.

Sadly Americans and other Nations are no longer free to think or do for ourselves as Obama once said “we are too stupid to govern our own lives”. What’s to become of us when Switzerland has it so right and the rest of us have it so wrong?

I cannot believe that CNN has the audacity to televise this after taking credit for putting Biden in office.

This is why we said that leftists & the MSM were the enemy of the people. They have blood on their hands.

THIS is an example of the @JoeBiden failure. Why @HouseGOP @SenateGOP need to act NOW. Biden abandoned people tonight - allies, civilians who aided us. He let people down, and this is what he shows to the world. @BuzzPatterson @dougmastriano @DanCrenshawTX

No one cares more about the health & well-being of a child than a parent.

I am signing an EO today that allows parents to opt their children out of a school mask mandate if either a school board or health board enacts one over a district.

AN ORDER REGARDING MASK REQUIREMENTS IN SCHOOLS

I, Bill Lee, Governor of the State of Tennessee, having declared a continuing state of emergency by Executive Order No. 83, dated August 6, 2021, and by virtue of the power and authority vested in me by the Tennessee Constitution and other applicable law, including Tennessee Code Annotated § 58-2-107, do hereby order that a student's parent or guardian shall have the right to opt out of any order or requirement for a student in kindergarten through twelfth-grade to wear a face covering at school, on a school bus, or at school functions, by affirmatively notifying in writing the local education agency or personnel at the student's school.

Any law, order, rule, or regulation that would otherwise limit the enforceability of this Order is hereby suspended, pursuant to Tennessee Code Annotated, Section 58-2-107.

IN WITNESS WHEREOF, I have subscribed my signature and caused the Great Seal of the State of Tennessee to be affixed this 6th day of August, 2021, and hereby order that this Executive Order No. 84 shall continue in effect until 11:59 p.m. Central Time, on October 5, 2021.

Why do RINOs always prefer to work "behind the scenes"?

We want a transparent audit led by Mastriano! Not a con job by Corman who already has lied, stone walled the audit, and is now smearing @dougmastriano, who without, the audit would not be possible!

Wow! What a liar!

Just like a Democrat, @JakeCorman is accusing @dougmastriano of what Jake himself did!

It was Corman who cancelled the Aug. 6th vote (which would have passed) to send the subpoenas and begin the audit

And Corman calls this "Mastriano obstruction"? Pathetic!

> **Corman Issues Statement on Forensic Investigation of Recent Elections, Mastriano Obstruction**
>
> Posted on Aug 20, 2021
>
> HARRISBURG – Senate President Pro Tempore Jake Corman (R-Bellefonte) issued the following statement today regarding the review of recent elections and some of the issues that have prevented an election audit in Pennsylvania thus far:
>
> "It is deeply disappointing that Senator Mastriano has retreated from conducting a forensic investigation of the election in Pennsylvania, and it is discouraging to realize that he was only ever interested in politics and showmanship and not actually getting things done.
>
> "Despite this setback, we remain committed to conducting a full investigatory audit of recent elections to improve our election system going forward. We need someone to lead this effort who is more interested in real results than grandstanding at rallies. For that reason, I am requesting that Senator Cris Dush – an Air Force veteran who has led numerous investigations in the military and headed the delegation visiting the Arizona audit – take up this cause and initiate a thorough review of the election, starting with fighting back against the partisan attacks on our election system by the Wolf Administration.
>
> "We remain committed to an open, honest review that will lead to positive changes to restore the public's faith in our elections."

We don't want a "review of the election"! We want a FULL FORENSIC AUDIT! I do not believe for one second that @SenMastriano does not want the audit.

I received word earlier today that @JakeCorman has removed my entire Harrisburg staff and they will now be forced to report to him. The 33rd district is now without any staff in Harrisburg. This petty move is unbecoming of a Senate "Leader."

An update on the pursuit of a full forensic investigation of the 2020 and 2021 elections:

Senator Mastriano Provides Update on Forensic Investigation

HARRISBURG

Senator Doug Mastriano issued the following update today regarding the pursuit of a forensic investigation of the 2020 and 2021 elections.

"The investigation seeks answers to the questions that so many are asking: Is these elections were free and fair as Democrats insist. Democrats should have no fear of such an investigation – but they have already

The Wolf Administration wasted no time responding to my letters to York Town and Philadelphia by issuing a threat to all 67 Pennsylvania counties. In this recall questionable "directive" does the attempt to decertify voting machines in any counties that participated in the investigation, leaving the county taxpayers on the hook for millions of dollars to replace machines.

Attorney General Josh Shapiro has promised to obstruct the investigation "every step of the way."

But unfortunately, it is not just Democrats who stand in the way of this investigation.

In July, a majority of the deputies of the members of the Senate received three subpoenas requesting that they cooperate with a forensic

Days after this was sold it was because there were issues that needed to be resolved. We have worked in good faith to resolve those issues to conduct a transparent forensic investigation. We participated in several meetings with Senators Jake Corman and Kim Ward to move this investigation forward, but to no avail. We are continuously stone walled by the majority caucus leadership with the fear of my colleagues that if they do this election that my staff would be fired as retaliation for my desire to move forward with a forensic investigation.

Rumors are rife of a plan on the part of Senate leadership to move the investigation from my committee to a different committee. I don't know if the rumors are true – that happens – I have little confidence that a real investigation will ever take place.

I was told from the start that this would be a full investigation and not a pre-fixed outcome. I stand by my viewpoint and am still willing to budge on a watered-down version of an investigation, but is so up to me?

I spent months trying to build support for this investigation. It seemed that the only way to get it started was by sending these letters on July 7. It was never going to appeal. For me it was unbearable to ignore the living swell of support this Commonwealth and country has begged for answers they weren't receiving.

The people of Pennsylvania deserve to have confidence that our voting process is safe and secure. Without a forensic investigation of our recent elections, many questions will remain unanswered. I can't think of anything worse than that.

Tell #JakeTheSnake to give @SenMastriano his staff back. Crooked political maneuvering to block the REAL PA AUDIT! Also, we want @dougmastriano brought back into the audit process. If he wasn't involved, the PA Audit process would have never gotten this far!

We just received this audio from an incredibly brave American in Kabul. She was attacked each time she tried to reach the airport. Despite the danger to herself, she wants us to share this. We must guarantee the safety of Americans and our allies before it is too late.

@JakeCorman lied and said Cris Dush led the PA delegation to AZ. He did not. I invited @SenMastriano and Rob Kauffman. Mastriano insisted Dush join. My organization, Voices and Votes, led and paid for that trip. Dush added no value, and won't lead an honest audit.

Pennsylvania it is time to PUSH BACK. Don't let disgusting SWAMPER JAKE CORMAN lie to you like this. Expose him and win.

Liz Harrington @realLizUSA
@SenJakeCorman just lied and said @dougmastriano "quit" the audit.

In reality, Corman is a so-called Republican who just FIRED Mastriano's staff! What is going on? Come on. Mastriano is a Patriot.

NEWS RELEASE

Senator Doug Mastriano
33rd Senatorial District

Senate Box 203033, Harrisburg, PA 17120-3033 Phone: 717-787-4651 Fax: 717-772-2753 SenatorMastriano.com

Senator Mastriano Responds to false statements made by Senator Jake Corman

In his initial statement on Friday, August 20, Senator Corman claimed that he was replacing me as lead for the audit because I was "litigating, grandstanding, and uninterested in getting things done." Senator Corman is not being honest. The truth is we spent months briefing Senator Corman and other leadership on our plan. During those many months, Senator Corman either avoided me or repeatedly stonewalled us.

On July 6, I spoke with Senator Corman. During that conversation, I communicated my intent to issue letters to three counties requesting that they cooperate with a forensic investigation of the 2020 General and 2021 Primary Elections. Senator Corman demanded that I NOT send those letters. After months of his obstruction, it was time to move forward. The next day, with counsel at my committee, I sent the letters. I was done waiting, and done letting Corman put the people off to no end.

After the expiration of the July 6 compliance, I twice attempted to move forward with subpoenas, but Senator Corman put a stop to it. I scheduled two separate meetings for the purpose of issuing subpoenas to those three counties. The first meetings was scheduled for August 6, and after Senator Corman blocked that hire my team unexpectedly rescheduled the meeting for August 18. Senator Corman's office stopped that meeting from taking place as well. This is obstruction by someone not wanting an audit.

There was unanimous referendum, from all stakeholders, on the 2020 election. It was Senator Corman. While Senator Corman made a 22 year career as a politician, I served for 30 years as a soldier in the U.S. Army. I served along the Iron Curtain, and I fought in Iraq and Afghanistan. I never retreated in the face of evil, and I was not going to retreat in the face of Corman's repeated attempts to thwart a forensic investigation.

Two days after Senator Corman obstructed my August 6 attempt to issue subpoenas, I made the very difficult decision to tell Pennsylvanians the truth about why the forensic investigation was at a standstill. With heavy heart, I appeared on Election Watch on Friday, August 13. Unfortunately, my appearance on Election Watch on Friday, August 13. Unfortunately, my appearance on Election Watch on Friday, August 13. Unfortunately, my appearance

Senator Mastriano Responds to false statements made by Senator Jake Corman

In his initial statement on Friday, August 20, Senator Corman claimed that he was repeating me as lead for the audit because I was "circulating grandstanding and misdirection in getting things done." Senator Corman is not being honest. The truth is we spent months briefing Senator Corman and other leadership on our plan. During those many months, Senator Corman either avoided me or repeatedly stonewalled us.

On calls to speak with Senator Corman during that conversation, I communicated my intent to issue letters to three counties requesting that they cooperate with a forensic investigation of the [redacted] primary and [redacted] Primary Elections. Senator Corman demanded that I not send those letters. After months of his obstruction, it was time to move forward. The next day, with knowledge of my intentions, I sent the letters. It was done in writing, and done letting Senator Corman put the people of PA in the know.

After the explosion of the July 8th subpoenas, I have attempted to move forward with subpoenas, but Senator Corman put a stop to it by scheduling [redacted] separate meetings for the purpose of issuing subpoenas to those three counties. The first meeting was scheduled for August 9th and after Senator Corman blocked that meeting from happening, I rescheduled the meeting for August 17. Senator Corman's office stopped that meeting from taking place as well. This is obstruction by someone not wanting an audit.

If there was someone retreating from an investigation of the 2020 election, it was Senator Corman. While Senator Corman made a [redacted] career as a politician, I served for 30 years as a soldier in the U.S. Army. I served along the Iron Curtain and fought in Iraq and Afghanistan. I never retreated in the face of evil, and I was not going to retreat in the face of Senator Corman's repeated attempts to thwart a forensic investigation.

Two days after Senator Corman obstructed my August 9 attempt to issue subpoenas, I made the very difficult decision to tell Pennsylvanians the truth about why the forensic investigation was at a standstill. With these heart, I appeared on Rumble's What Roman in Exile on August 19. Incidentally, since my appearance, Senator Corman's spokesperson has publicly and repeatedly stated that he was strapping me on the investigation, he is working on long and hard with myself. Minutes after Senator Corman's appearance on this show, I was also informed that he had stripped me of the committee and he removed his entire staff, leaving me with no ability to serve my constituents in Utah. I did a three hours of an Italian senators for a an unprecedented move unbecoming of a senate leader.

I don't know why Senator Corman obstructed an investigation for so long or why he has now launched a. What I do know is that if it was up to Senator Corman, there would be no investigation for him to steal. What I also know is that no matter who leads the investigation moving forward, I know that the people of Pennsylvania will never settle for a symbolic investigation. They deserve nothing less than a full, forensic investigation that gets to the bottom of what happened in the 2020 election and to be relentless now to make sure that it exactly what happens. I have not and will not retreat.

The question is why after Corman went from ten months of obstructing a forensic investigation to suddenly launching a

I'm still stranded in Afghanistan.

Like myself, hundreds of Americans and interpreters are stuck here.

We were advised not to travel to the airport after my family got separated.

Please pray they make it home safely

Also the abandonment of Bagram airbase made no sense strategically

BREAKING: @Ofcom rejects all complaints against me over Meghan Markle furore that led to my exit from @GMB. Verdict says I was entitled to disbelieve her & Prince Harry & to restrict my right to do so would be a 'chilling restriction on freedom of expression.'

Conclusion

The interview between the Duke and Duchess of Sussex and Oprah Winfrey contained serious allegations and it was legitimate for this Programme to discuss and scrutinise those claims including their veracity. Ofcom is clear that, consistent with freedom of expression, Mr Morgan was entitled to say he disbelieved the Duke and Duchess of Sussex's allegations and to hold and express strong views that rigorously challenged their account. The Code allows for individuals to express strongly held and robustly argued views, including those that are potentially harmful or highly offensive, and for broadcasters to include these in their programming. The restriction of such views would, in our view, be an unwarranted and chilling restriction on freedom of expression both of the broadcaster and the audience.

President Biden, I'm not resigning, but you should.

Honorable Kellyanne Conway
Washington, DC

September 8, 202

Joseph R Biden
President of the U nited States
The White House

President Biden,

I am in receipt of the letter you sent me today demanding that I resign from he Board of Visitors to he United States Air Force Academy or be terminated by 6:00pm tonight. News reports suggest you have made the same demand of other men and women who were duly appointed to service academy boards.

Three former Directors of Presidential Personnel inform me that this request is a break from presidential norms. It certainly seems petty and political if not personal. The result s that faithful and w ing public servants wil be discouraged or hwarted rom service. Our service academies wil risk being further politicized and polar zed.

Your decision s disappointing but understandable g ven he need to distrac from a news cycle hat has you mired in multiple self inflicted crises and plummeting poll numbers, inc uding a rise in new COVID cases a dismal jobs report nflation record amounts of drugs coming across the southern border and, of course, the chaotic and deadly withdrawal from Afghan stan that has le hundreds of Americans and thousands of Afghan allies stranded under Taliban rule.

I as an honor to serve on the Board of Visitors to the U nited States Air Force Academy. The brave men and women n uniform represent the best of ou great nation. It was also a privilege to serve a President whose actions resulted in the deaths of terrorists like al-Baghdadi and Qasem Soleimani rather than a President whose actions resulted in the deaths of U S service members.

I do not resigning but you should.

Sincerely.

Remarks by 45th President Donald J. Trump at the Let Us Worship "Day of Prayer for America"

SAVE AMERICA

PRESIDENT DONALD J. TRUMP

Remarks by 45th President Donald J. Trump at the Let Us Worship "Day of Prayer for America"

It is an absolutely profound honor to address all of you gathered on the National Mall on this very solemn day of remembrance and prayer as our Nation commemorates the 20th anniversary of the terrorist attacks of September 11, 2001, a terrible day.

I want to thank Sean Feucht and everyone from the amazing Let Us Worship movement for hosting this very beautiful and incredible event. Since last year, you have brought worship and prayer to 132 cities all across the Country – including the largest church service in America right here in our Nation's capital. By uniting citizens of all denominations and backgrounds to promote faith and freedom in America, you are strengthening our entire Nation and we thank you for it.

There could be no more fitting night for Americans to join hands and bow our heads in prayer than this evening.

There weren't many people at that rally. Trump didn't care about 9/11, all he cared about was that he owned the tallest building in Manhattan after that.

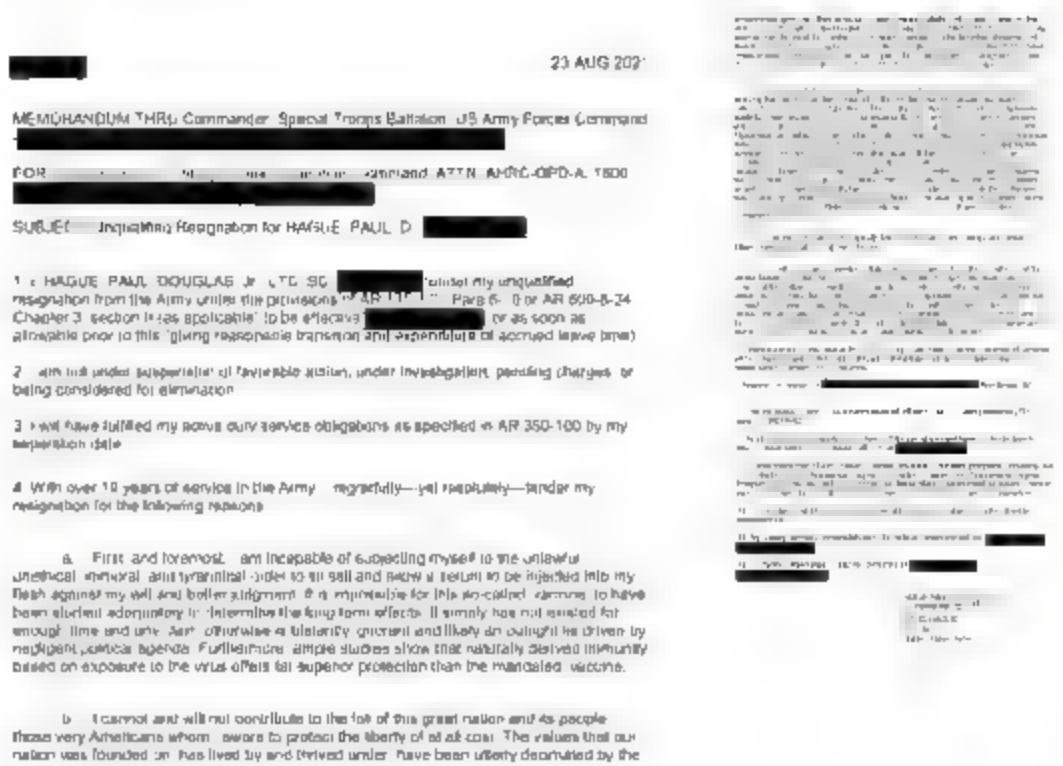
After eighteen years of active duty service in the US Army, my lieutenant colonel husband has resigned

He's walking away from all he's worked for and believed in since he was an ROTC kid at UGA

He's walking away from his retirement

His resignation memo:



23 AUG 202[redacted]

MEMORANDUM THRU Commander, Special Troops Battalion, US Army Forces Command

[redacted]

FOR [redacted] Command, ATTN: AHRC-OPD-A, 1600 [redacted]

SUBJECT: Involuntary Resignation for HAGUE, PAUL D [redacted]

1. I, HAGUE, PAUL DOUGLAS JR, LTC, SC, [redacted] submit my unqualified resignation from the Army under the provisions of AR 1[redacted]. Para 6-[redacted] of AR 600-8-24, Chapter 3, section II as applicable, to be effective [redacted] or as soon as allowable prior to this, giving reasonable transition and expenditure of accrued leave time).

2. I am not under suspension of favorable action, under investigation, pending charges, or being considered for elimination.

3. I will have fulfilled my active duty service obligations as specified in AR 350-100 by my separation date.

4. With over 18 years of service in the Army, regretfully—yet respectfully—tender my resignation for the following reasons:

a. First and foremost, I am incapable of subjecting myself to the unlawful unethical immoral and criminal order to be told and ordered to be injected into my flesh against my will and better judgment. It is impossible for the so-called vaccine to have been studied adequately to determine the long term effects. It simply has not existed for enough time and why. And otherwise a blatantly dishonest and likely dangerous be driven by negligent political agenda. Furthermore, simple studies show that naturally derived immunity based on exposure to the virus offers far superior protection than the mandated vaccine.

b. I cannot and will not contribute to the fall of this great nation and its people, those very Americans whom I swore to protect the liberty of at all cost. The values that our nation was founded on, has lived by and thrived under, have been utterly decimated by the

I would say depending on your husband's speciality or job in the military, he is highly employable. I worked a recruiter and it was easy to place military like him in high level, high paying positions. You should feel proud that you are married to a man with such integrity

Friends, I understand there was some fraud in California. Think about where we witnessed fraud in Georgia, predominantly black precincts right? Well, if republicans don't get into those areas Dems will have every opportunity to cheat with zero checks & balances. We are allowing them to cheat in rooms we don't bother to walk into.

In 3 months my campaign was able to flip many neighborhoods in Baltimore. Typically a Republican only receives 3500 votes in that area, we received 14k, it will take time but it is possible.

Do I understand people are trying to sabotage my reputation for personal gain making it harder to succeed? I do. Will that stop me? Never. I don't care about being the "black female conservative on top", I care about the future of every child in every corner of

Senator Mastriano Provides Statement after today's meeting to issue Subpoenas

September 15, 2021

HARRISBURG

Senator Mastriano issued the following statement following this morning's meeting by the Intergovernmental Operations Committee to issue subpoenas for records from the Department of State

"Today's subpoenas do not go nearly far enough to begin a full forensic audit of the 2020 election. In August, I was prepared to hold a meeting to issue extensive subpoenas in three counties for 100% of all ballots and envelopes, poll books and election machines. As I have mentioned before, Senate leadership did not agree with this approach.

I made the decision to vote "yes" with the Chair today so that we can review at least some information from the State Department.

Six months ago, the thought of the Senate using subpoena power to review the 2020 election appeared to be a dead issue. But the people of Pennsylvania would not allow the idea of an audit to die. Rallies

Miller also said that he strongly dissented with the intel assessment that Afghanistan would fall to the Taliban between 1-3 years, saying he thought it would go much, much faster.

After Fox News drone footage of THOUSANDS of illegal aliens was released, it looks like the political operatives at the Biden White House saw the footage and decided that's the last thing they wanted reported.

Statement by Donald J. Trump, 45th President of the United States of America

Huge findings in Arizona! However, the Fake News Media is already trying to "call it" again for Biden before actually looking at the facts—just like they did in November! The audit has uncovered significant and undeniable evidence of FRAUD! Until, we know how and why this happened, our Elections will never be secure. This is a major criminal event and should be investigated by the Attorney General immediately. The Senate's final report will be released today at 4:00PM ET. I have heard it is far different than that being reported by the Fake News Media.

Did you know you need a vaccine passport to enter all businesses in NYC but you do not need one to enter the subway.

So the most crowded place in New York City —the subway—does not require proof of vaccination.

A reminder that Covid is not about science, it's about compliance.

@dougmastriano deals with some insane Democrats in PA.

Rep. Chris Rabb is calling for forced sterilization of men and the ability to sue for unwanted pregnancy as a virtue signal; using legislation for petty games.

Does he know many women also support TX decision?

BREAKING: 138 Legislators from 38 States Write a Letter to the American People Calling for a 50-State Audit, Decertification Where Appropriate, and Possible Convening of the US House of Representatives

MEMORANDUM [illegible] October 15th, 2021

Subject: Letter from State Legislators to the American People Reference the 2020 Election

To the citizens of the United States of America,

We the undersigned state legislators of the United States are vested with the plenary power by our [illegible] Constitution, Article 2, Section 1, Clause 2, to certify the election of the president of the United States.

It has come to our attention from an audit of [illegible] mailed ballots in Arizona, implemented by an in depth canvass of voters in Arizona, as well as through multiple different data reviews of voting by independent experts, that our presidential election, and other [illegible] 2020 elections

In addition to Arizona, sworn affidavits have accumulated from many states detailing rampant corruption and mismanagement in the election process. Fraud and inaccuracies have already been shown [illegible] multiple states and [illegible] multiple states as well as through lawsuits [illegible] the validity of election results in several counties in multiple states.

We have come to the conclusion that all 50 states need to be thoroughly audited. Voters must should be satisfied with a canvass of the voters to ensure future integrity in our elections.

If results from those audits [illegible] as has been shown in Arizona, and is likely shown in many other states, then it is clear that certain [illegible] many elections were improperly rendered in January 6th of the November 2020 United States presidential election.

We call on each state to decertify the election if there has been shown the elections were certified [illegible] and inaccurately.

If it is shown that enough [illegible] votes to change the [illegible] votes, or should Trump would receive more than 270 electoral votes, then we call for the US House of Representatives to convene and vote per the US Constitution [illegible] one vote per state to decide the rightful winner of the election in accordance with the constitutional process of choosing elections.

This is our historic obligation to restore the election integrity of the vote as the bedrock of our constitutional republic.

If we do not have accurate and fair elections, we do not have a country.

Signed,

Senator Wendy Rogers, Arizona
Senator Sonny Borrelli, Arizona

My mother has Parkinson's disease. She was encouraged by her doctor to get the shot. Shortly after her second dose, she began to bleed. My 73-year-old mother has begun menstruating again. Her doctor has just suggested the booster, despite her adverse reaction. I'm so angry.

SMITH FAMILY'S STATEMENT ON TODAY'S COURT CASE

Moneta, Virginia: B. Stanley of The Stanley Law Group of Virginia released the following statement on behalf of the Smith family after today's outcome in the criminal case against their daughter's attacker in the Loudoun County Juvenile and Domestic Relations District Court.

We are relieved that justice was served today for the Smith's daughter. This horrible incident has deeply affected the Smith family, and they are grateful for today's outcome.

No one should have to endure what this family has endured, and now their focus is completely upon their daughter's health and safety as she progresses forward with her life. She is a very smart and strong young woman, and she is deeply loved by her parents. Both Jessica and Scott Smith will continue to do everything in their power to protect her and help her through this difficult time in her life. The Smith's daughter is a survivor and a fighter, and we are confident that she will grow even stronger with each passing day.

The Smith family wants to thank all of those in the community who have demonstrated their love and support over the past few months. The Smith family stands stronger than ever in moving forward to ensure that those responsible in the Loudoun County School system are held accountable, so that this may never happen again to anyone else's child."

This article is saying the RNC is deploying lawyers. Shouldn't they have done that BEFORE the fraud? It also says they manned 140 polling location...but, there's 9,000 in the state of NJ. Has the RNC learned nothing from 2020?

Dems find more ballots over the next 24 hours and call a win for Murphy, even though Ciatterrelli was ahead. They get their lapdog media outlets to prematurely call a win for Murphy. Make Ciatterrelli challenge it in court and hope he runs out of time. Sound familiar?
